On the following pages are lists of Scripture and charts for:
False Teachers/Prophets, and, True Teachers.

The Scripture passages are listed from O.T. to N.T., so you can go through the Bible in a somewhat easy order, not flipping back and forth.

Some of the Scripture passages are only a few verses, while others are a whole chapter. (For most passages it is good to read the full context).

Just write down the main words or phrases that describe the true or false teachers, their traits, characteristics, qualities, motivation and results/effects, if you can determine these from the text, (otherwise leave the space empty). Don't write out the whole passage. You get to determine how much space you need for each listed reference. Use a plain sheet of paper if you need more room for your charts than what is provided. For the charts, only list what is pertinent to "False Teachers" on the "False chart", and for the "True Teachers" on the "True chart".
